Who We *Are*

Green Peers Private Limited is a renewable energy enterprise incorporated on **9 October 2021** under the Registrar of Companies, Ahmedabad. Headquartered in Gujarat, the company operates across the full renewable energy value chain — from engineering and construction to long-term power supply agreements.

Under NIC code 4010 (Production, collection, and distribution of electricity), Green Peers serves industrial, commercial, and institutional clients seeking reliable, cost-competitive solar power without upfront capital burden.

DIRECTORS	Karankumar P. Mansuria Prabhudas H. Mansuriya

VISION

"To accelerate India's transition to clean energy by developing and operating high-quality renewable energy projects."

The full renewable *stack*, under one partner.

EPC • ENGINEERING, PROCUREMENT & CONSTRUCTION

Solar EPC

Turnkey solar from 1MW to utility-scale. Ground-mount, rooftop, and carport structures. Lender-grade DPRs and bankable documentation from day one. Full civil, structural, and electrical scope.

O&M • OPERATIONS & MAINTENANCE

O&M Services

Comprehensive O&M contracts for captive and third-party assets. SCADA monitoring, preventive maintenance schedules, performance ratio tracking, and lender reporting.

GC • GROUP CAPTIVE

Group Captive Solar

Group captive arrangements for industrial clusters, FMCG groups, and institutions — enabling aggregated offtake at competitive tariffs with full compliance structuring and documentation.

IPP / RESCO • INDEPENDENT POWER PRODUCER

IPP & RESCO Model

Green Peers finances, builds, owns, and operates solar assets. Clients access clean power with zero upfront investment under long-term PPAs structured for DISCOMs, industrials, and institutions.

OA • OPEN ACCESS SOLAR

Open Access

Structuring and execution of open-access solar supply. Regulatory navigation, scheduling, wheeling agreements, and banking provisions across state boundaries for industrial clients.

EC • ENERGY CONSULTANCY

Energy Consultancy & Audit

BEE-accredited energy audits, detailed project reports (DPRs), net metering advisory, and financial modelling for renewable investments. Registered with GEDA and CREDA.

R K Engineers & Consultants — *RKEC*

RKEC is the technical backbone of Green Peers — a Gujarat-based EPC and consulting firm with 12+ years of experience across solar energy, energy conservation, and electrical turnkey projects. Headquarters in Rajkot and Vadodara.

DIRECTOR • LEAD AUDITOR

Rahul Acharya

BE Electrical • BEE Accredited Energy Auditor • Chartered Engineer (IE). 15+ years in renewable energy EPC and energy audit.

TECHNICAL LEAD

Chirag Chauhan

MTech Electrical • Certified Energy Auditor. Specialist in solar system design and energy simulation.

ELECTRICAL ENGINEER

Kamlesh Khandhar

BE Electrical. Experienced in HT/LT installations, ring-main units, and turnkey electrical projects.

O&M MANAGER

Ashok Patel

DE Mechanical • 15+ years in renewable energy operations. Leads O&M and field execution teams.

PROJECT ENGINEER

Jiten Gondalia

DE Electrical • 15+ years in renewable projects. Specialises in project commissioning and testing.

HEADQUARTERS

Gujarat, India

EST. 2012

ELECTRICAL & TURNKEY CREDENTIALS

PGVCL

HT/LT Electrical Works

Ring-main unit installation, testing & commissioning at industrial complexes and port sites.

INDIAN RAILWAYS

Traction Substation VCBs

Control & relay panels at traction substations. 25 kV VCBs for Western Railways.

PORTS & INDUSTRY

Turnkey Electrical

Full LT/HT installation at port and industrial complex sites. Design-supply-commission.

Five reasons to work with *Green Peers*.

- | | | |
|----|------------------------------------|--|
| 01 | Proven EPC Capability | Through RKEC, Green Peers has delivered MW-scale solar projects across India — from 25 MW utility-scale ground-mount to complex industrial rooftop installations across multiple states. |
| 02 | Integrated IPP Offering | Green Peers finances, builds, owns, and operates solar assets under the RESCO model — allowing industrial and commercial clients to access clean power with zero upfront capital. |
| 03 | Long-Term Reliability | The active 1 MW, 20-year PPA with Bhilwara & Pali Dairies demonstrates a genuine commitment to long-term partnerships — not just one-time installations. |
| 04 | Deep Energy Audit Expertise | BEE-accredited auditors with 500+ completed audits across industry verticals — helping clients optimise consumption before (and alongside) investing in generation assets. |
| 05 | Transparent Governance | Registered under ROC Ahmedabad, active CIN, transparent filings. Lender-grade DPRs and documentation across every project — built to withstand financial and regulatory scrutiny. |

ENGINEERING-FIRST

Every claim grounded in MW, kWh, and auditable numbers. No marketing without evidence.

INVESTMENT-GRADE

Documentation built to CFO, lender, and DISCOM standards. Bankable from day one.

FUTURE-READY

Designed for India's next decade of industrial decarbonisation — open access, group captive, hybrid storage-ready.

Green Peers Private Limited

RENEWABLE ENERGY INFRASTRUCTURE • AHMEDABAD

Let's build your *renewable* asset.

Whether you're looking for an EPC partner, a 20-year PPA, an energy audit, or open access advisory — Green Peers and RKEC are your long-term renewable infrastructure partners.
